

# Dough Disco

## What is dough disco?

Dough disco involves moulding play dough in time to music and performing different actions such as rolling it into a ball, flattening it, putting each individual finger into the dough, rolling it into a sausage and squeezing it.

## Why do dough disco?

This activity helps to strengthen children's fine motor muscles to enable them to develop their pencil grip which in turn will help to develop their writing skills. But most of all it's fun!

We do dough disco every day at the moment for 5 minutes.

## What do you need to do dough disco?

**Music** - Any song will do! We have enjoyed 'I like to move it' from the film Madagascar this week but you can use Abba, Frozen or any Disney songs, Musicals, and TV Themes to name a few. Anything that makes you feel like dancing.

**Dough** - You can buy pots of dough or make your own with your child. See the recipes below to help.

- When the mixture becomes "doughy", remove from heat and start kneading. (the dough will be hot, so mind your hands)

Try it at home! You have nothing to lose but all to gain by doing dough disco at home! The children will develop the muscles in their hands to help them with their pencil grip which will help them with their handwriting! Five minutes a day will help to give your children the skills they need to become happy and successful writers! Give it a go and have some fun!
