## What is needed to receive the music lessons?

Lessons can be carried out using any device with an internet connection and camera, such as laptops, iPads, tablets or smartphones.

**CHILDCARE VOUCHERS ACCEPTED!**

## Same tutor, same day and same time!

We believe that keeping regular classes going is best for your child's development and wellbeing.

We have a roster of experienced, DBS checked tutors offering an interactive service we are incredibly proud of!

## Online reports via mySAM

Using our unique mobile friendly software 'mySAM', the tutor will complete an online report within 24 hours of the lesson, covering what was undertaken during the lesson, practice to be completed and other useful information such as books used, recommended resources and more!

## Instrument required? We've got you covered!

Provided by our partners at **UCANPLAY** and recommended by SAM, we offer a carefully selected affordable range of instruments and accessory packages to suit everyone, from complete beginners to those looking to upgrade.

Head to **ucanplay.org.uk/sam** to view the full collection, available now and delivered straight to your door!

## Safeguarding

Safeguarding is paramount to SAM and we take all efforts to protect our students and tutors alike.

We host sessions, so no details are shared between student and tutor. All of our lessons are recorded and available on request which is preferable for those parents unable to accompany the child in the lesson.

## SAM lesson packages include:

Individual 30 minute music lessons

**Free** pre-lesson connection call before first lesson

Access to mySAM online lesson reporting and resources

**UCANPLAY** instrument and accessories purchase support

## Complimentary set-up call before your lessons

We want everything to be perfect for your first lesson. Once you've set up your booking, we will arrange a time to go through how mySAM works, give you tips on getting the most out of the online lessons and ensure you have the best experience!
